Empowered by the Holy Spirit, the Reformed Church in Hungary (RCH) as a sign and agent of God's Kingdom will be a church of personal and social transformation, a community where irrespectively of origin or race, people can experience the welcoming, reconciling and healing power of the Gospel of Jesus Christ.

To fulfill this mission, the RCH, through its national coordination office for Roma mission, offers help to congregations interested in serving among Roma.

### **Our Aims**

- 1. Congregations of the RCH shall be encouraged to proclaim the life-shaping message of the Gospel to socially marginalized groups, including the large Roma community.
- 2. Through the ministry of the church, Roma people shall experience God's restoring and healing love in all dimensions of their lives.
- 3. The RCH and its congregations shall work towards reconciliation between Roma and the majority population in Hungary.

## **Roma mission in Congregations**

Baby and Mom groups and Certain Start Child houses give mothers an opportunity to experience fellowship with others, play together with their kids and to share issues and questions of concern — all in the company of specialists who are on hand to help.

Besides RE classes, many churches organize afternoon clubs, kids clubs or invite Roma children for summer camps where in a loving atmosphere they can experience the power of community, acceptance and the love of God.

After-school programs can give regular, individualised help to develop children's skills and promote their integration within the community.

In everything it does, the RCH's Roma mission tries to promote reconciliation, health and fullness of life within Roma communities. Community work, Bible Studies and Evangelization weeks are all part of the ministry for adults which aim to improve the Roma people's quality of life.
